We know that all of our people that have CHA got a letter telling them about Express Scripts starting in January. We also know that a lot of you called the customer service line and they did not know what pharmacies were participating. This has been corrected and they now know this information. Even though it is traditionally a mail order program, CHA has promised that this is not the case. They said that if you have to change pharmacies you will receive another letter stating this and offering options, but you can also call and find out if your pharmacy is in network. If you have Medicare primary this does not apply to you, because your medications are covered through your part D plan. We know that changes can be stressful and we hope that this transition is a smooth one. So if you have CHA you should be able to call the number on the back of your card and they will now know who is in network.
